To Whom It May Concern

Topdeck Scaffolding have been providing scaffolding services to my company for the past ten years.

Topdeck provide us with a comprehensive and professional service with regard to their provision of scaffolding on site and their administration both on and off site.

Topdeck's paperwork is neat & businesslike, providing Safe Work Method Statements, Handover Certificates & all relevant insurances.

I have no hesitation in recommending Topdeck Scaffolding Pty Ltd to another project manager or building firm.

We look forward to a long & continued association between our companies.

Yours sincerely,

Chris Yuncken

Managing Director
